How to Use the Revised Classified Telephone Directory

How to Use Queens' Revised Classified Telephone Directory

Locate the heading which describes the article, service or business you wish. Under this heading you may find further descriptive headings offering more specific types of products or services and business people ready to serve you.

Select the business house with which you wish to deal. The displays will provide you with more complete buying information.

When you want to find a dealer handling a trade-mark or branded article, look for the general business classification and at the end you will find the trade-mark symbol and the information "Where to Buy It."

"Donnelley's Red Book" is a silent salesman.

A $1,500,000,000 extension to your business *for 10¢ a day*

The buying power of a community assessed at one-and-a-half billion is worth cultivating. The year by year appearance of Brooklyn firms in Donnelley's Brooklyn Red Book indicates that Red Book advertising must pay.

Share in the Brooklyn harvest while you harvest in Queens. Keep both communities close to your counter: Brooklyn by the Brooklyn Red Book—Queens by the Queens Red Book.

Plenty of business in Queens means you'll find plenty in Brooklyn too. Tell and sell them in Brooklyn as you tell and sell them in Queens: through Donnelley's Red Book—a directory designed especially to fit the needs of Brooklyn just as these pages especially fit the needs of Queens.

add millions to your possible customer list

The Red Books of Brooklyn and Manhattan represent buying-interest of 5 millions in these two boroughs. Plus the population of Queens this constitutes the most peopled area in the world. To ignore any of these three giant communities in giving, through the media of Donnelley's Red Books, information about where to find you and what you have—is to ignore the largest potential market in the world for the sale of your products.

Dont let the fast growth of Queens *block sight of your big next-door neighbor*

For the merchant in Queens to lose sight of that great buyer, Brooklyn, only a few doors away, is to lose the buying potentiality of a billion dollar market.

Keep Brooklyn patronage in sight by keeping your business in the sight of Brooklyn, on the pages of the Brooklyn Donnelley's Red Book.

THE MARK OF QUALITY

Fitting the seams. Cutting through both overlapping edges at the same time results in a perfect joint that is well nigh invisible

If you want the right material, the right design and the right price, deal with us.

Each sale has behind it the business integrity and the good old-fashioned honesty of dealing that has been the basic reason for our continued success.

Applying Paste to the Felt. Every inch of the Felt, except along seams, edges and ends of the Linoleum strips, is thickly coated with paste.

Permanent Linoleum Floors

As the oldest and largest linoleum and carpet house in Brooklyn, we are the originators of cementing permanent linoleum floors in this borough. We pride ourselves on the perfect workmanship that our men perform. Our method of cementing "permanent linoleum floors" over a layer of deadening felt, assures you a warm, resilient, noiseless floor that will endure for years, due to practically invisible seams. We specialize in laying perfectly matched borders.

We feature a complete line of (imported) Barry's and Staines, as well as Armstrong Domestic Marble Tile and Battleship Linoleum.

Carpets & Rugs

All grades of fine carpets for offices, homes and theatres carried in stock. Our Service Department will take up old carpets, clean and refit them to new surroundings.

add millions to your possible customer list

The Red Books of Brooklyn and Manhattan represent buying-interest of 5 millions in these two boroughs. Plus the population of Queens this constitutes the most peopled area in the world. To ignore any of these three giant communities in giving, through the media of Donnelley's Red Books, information about where to find you and what you have—is to ignore the largest potential market in the world for the sale of your products.

Puts Brooklyn buying power in Queens

Just as one single item of purchase—Brooklyn spends yearly over a hundred million for automobiles, repairs and accessories—

This huge expenditure speaks for the importance of remembering this borough in your Red Book advertising—so that Brooklyn won't forget to remember that you in Queens are ready with quick service on many an item of supply.

America's Largest Garage Manufacturers

Sawyer Metal Garage

EACH and every employee of the J. F. SAWYER COMPANY is a trained zoning expert. When a SAWYER representative informs you that only a certain type of garage is allowed to be erected on your lot you may depend that what he says is right. Many an innocent prospect has come to grief after having been induced by the glib talk of an uninformed salesman, to have a garage placed on his property, and with the Building or Fire Department placing a violation and demanding removal of the garage, court proceedings are often made necessary. There is a Sawyer garage for every locality even though your lot happens to be within the fire zone.

Sawyer Garages are approved for all boroughs

Sawyer Cement Block Garage

A SAWYER GARAGE is the best looking garage for the lowest price, on easy monthly payments like rent. Free Erection. Bungalows delivered in sections or erected permanently. Let us estimate on the construction of your cement sidewalk, driveway or any other work in this line that you intend to have done.

Structural Steel Frame Garages

Sawyer All-Wood Garage

(Can be built on line in fire zones.) Wood Frame Metal Covered Garages. All Wood Garages (Shingle Roofs)—Concrete Block Garages—Stucco Garages—Brick Garages.

We sell Wholesale and Retail Garage Building Materials, Cement, Wood-siding, Timbers, Roofing Shingles, Doors, Sashes, Builders' Hardware, etc.

Donnelley's Red Books for both these boroughs help widen the Queens merchant's neighborhood into Brooklyn and the Brooklyn merchant's neighborhood into Queens.

Plenty of business in Queens means you'll find plenty in Brooklyn too. Tell and sell them in Brooklyn as you tell and sell them in Queens: through Donnelley's Red Book—a directory designed especially to fit the needs of Brooklyn just as these pages especially fit the needs of Queens.

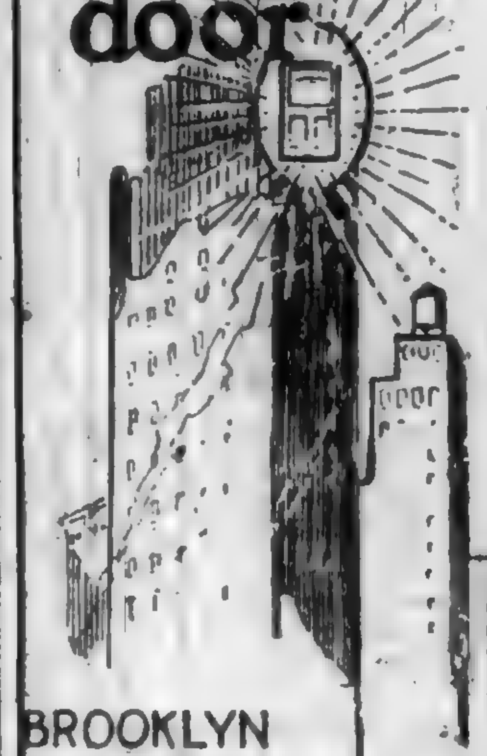
Widen your neighborhood
...to increase sales

Queens is big—but as a market for your merchandise add Brooklyn too.

A total of some 2 and a half million people in both these boroughs is reached by Donnelley's Red Books.

Use both books to tell both communities and multiply sales of your products.

that other big buyer at your door



BROOKLYN

2nd to **Chicago for population**

A larger public is a larger market.

Bring your business to the publics of Queens, Brooklyn and New York via the Red Book Directories of these boroughs. They will bring this great buying group to you.

add millions to your possible customer list

The Red Books of Brooklyn and Manhattan represent buying-interest of 5 millions in these two boroughs. Plus the population of Queens this constitutes the most peopled area in the world. To ignore any of these three giant communities in giving, through the media of Donnelley's Red Books, information about where to find you and what you have—is to ignore the largest potential market in the world for the sale of your products.

Puts Brooklyn buying power in Queens

Just as one single item of purchase—Brooklyn spends yearly over a hundred million for automobiles, repairs and accessories—

This huge expenditure speaks for the importance of remembering this borough in your Red Book advertising—so that Brooklyn won't forget to remember that you in Queens are ready with quick service on many an item of supply.

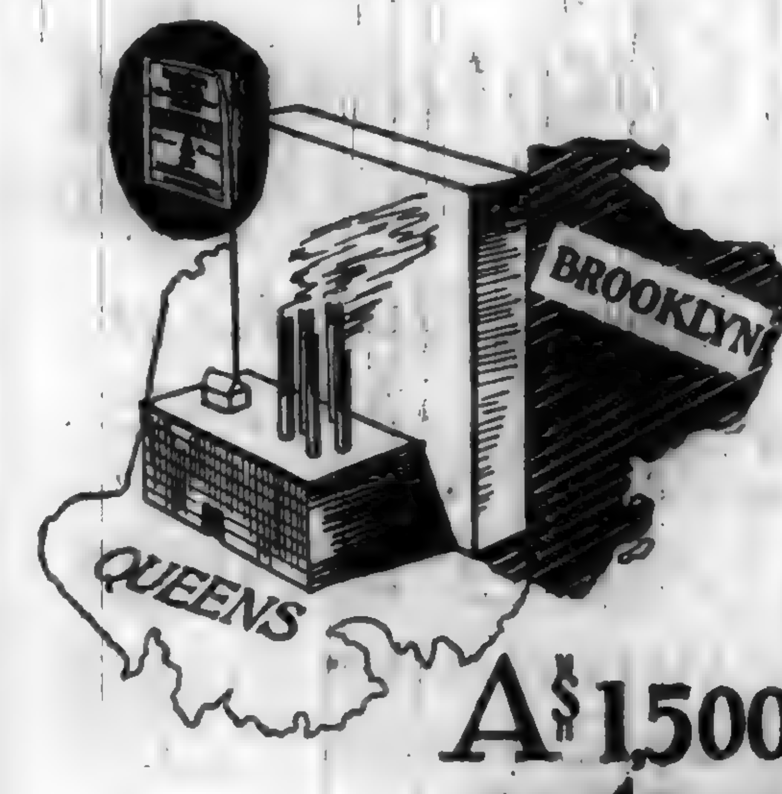
The folks next door spent $400,000,000 last year

Nearby Brooklyn spends hundreds of millions yearly—mighty patronage that goes where it is served best—perhaps in Queens.

You tell them about *your* product, *your* service.

Brooklyn's Red Book stands ready to speak for you anywhere in Brooklyn where there's a telephone. Make it tell and sell for you.

MADison Square 8000



A $1,500,000,000 extension to your business *for 10¢ a day*

The buying power of a community assessed at one-and-a-half billion is worth cultivating. The year by year appearance of Brooklyn firms in Donnelley's Brooklyn Red Book indicates that Red Book advertising must pay.

Share in the Brooklyn harvest while you harvest in Queens. Keep both communities close to your counter: Brooklyn by the Brooklyn Red Book—Queens by the Queens Red Book.
